Humidity/Temperature Transmitters

**Model 657C-1**

**Relative Humidity / Temperature Transmitter**

**Dual Channel Design for Simultaneous 4-20 mA Output Signals**

**SPECIFICATIONS**

Service: Humidity & temperature detection in air.

Range: Relative humidity: 0-100%; Temperature: 32 to 212°F (0 to 100°C).

Accuracy: Relative humidity: ±2% (10-90% RH), ±3% (0-10% and 90-100% RH); Temperature: ±1°F (0.5°C).

Temperature Limits: 32 to 140°F (0 to 60°C).

Pressure Limits: 1 psi (.07 bar).

Compensated Temperature Range: 32 to 140°F (0 to 60°C).

Power Requirements: 10-35 VDC.

Output Signal: 2 channels each 4-20 mA. Loop powered on the RH channel.

Electrical Connections: 4 screw type terminal.

Mounting Orientation: Mount in any position.

Probe: 5/16˝ x 9-1/10˝ (0.8 x 23.1 cm) stainless steel.

Weight: 10 oz (284 g).

---

**The Model 657-1 Transmitter** provides two 4-20 mA channels to produce separate output signals for both relative humidity and temperature. This inexpensive device delivers ±2% accuracy for humidity and ±1°F for temperature measurements. The sensor employed in the 657-1 features a state-of-the-art integrated polymer film humidity sensor and a thin-film platinum temperature sensor to assure high reliability and rock-solid stability over years of continuous service. Stainless steel probe measures 5/16˝ x 10˝ (0.8 x 24.4 cm) and can be easily mounted to most ductwork using either of the two optional kits below.

**ACCESSORIES**

A-158, Split Flange Mounting Kit
A-159, Duct Mounting Gland

---

**The Model 657C-1 Transmitter** features the same circuit design as the 657-1 providing two 4-20 mA channels to produce separate output signals for both relative humidity and temperature. However, this model is housed in a tough die cast aluminum protective conduit enclosure with gasketed cover. An internal terminal block is provided for electrical connections. The sensor employed in the 657C-1 features a state-of-the-art integrated polymer film humidity sensor and a thin-film platinum temperature sensor to assure high reliability and rock-solid stability over years of continuous service. Stainless steel probe measures 5/16˝ x 9-1/10˝ (0.8 x 23.1 cm) and can be easily mounted to most ductwork using either of the two optional kits below.

**ACCESSORIES**

A-158, Split Flange Mounting Kit
A-159, Duct Mounting Gland
