The Model DW-DATAPAD Handheld Portable Data Viewer configures and reads data from up to 500 DW-USB data loggers. A 2.8” full color TFT touch screen display is easy to read and simplifies navigation through the configuration menus. Data that has been downloaded to the viewer can be displayed as a trend graph or a statistical summary. Stored data can also be transferred to a computer using the provided micro-USB cable and the included Windows® based software. A rechargeable lithium battery is provided that has an average life of 5 to 8 hours under constant use.

Model DW-DATAPAD, Handheld Portable Data Viewer for Dwyer USB Data Loggers ........................................ $199.00⑤
