

Restriction of Use of Hazardous Substances (RoHS)

Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011

Dwyer Instruments, Inc. certifies that to the best of its knowledge the Series IEFB Insertion Thermal Energy Meter meets the substance restrictions of the European Union's Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011, on the restriction of the use of certain hazardous substances in electrical and electronic equipment. Meeting the restrictions means it does not contain any of the following substances in excess of the maximum concentration values in any homogeneous material, unless the substance is in an application that is exempt under the Directive: (a) 0.1% by weight for lead, mercury, hexavalent chromium, polybrominated biphenyls, or polybrominated diphenyl ethers, or (b) 0.01% by weight for cadmium. Unless otherwise stated by Dwyer Instruments, Inc. in writing, this information represents Dwyer Instruments, Inc. knowledge and belief based upon information provided by third party suppliers and internal research.

Compliance covers:

Standard Series IEFB catalog numbers and configured models of the same catalog number form.

Compliance applies to product manufactured on or after October 21, 2019, Date Code _43AE.

Compliance does not cover models using A-IEF-VLV-BR accessory valve.

On behalf of Dwyer Instruments, Inc.,

Dwyer Instruments, Inc. Compliance Group
