The LCT016 Analog Timers provide simple, yet economical solutions for a variety of timing applications. Installation is simple with compact 1/16 DIN package. Scale and timing functions are easily adjusted with individual front mounted switches. The included tamper resistant cover discourages unauthorized changes of the scale, timing functions and restricts movement of the analog set point knob. Two LEDs on the front indicate power and output status. Four different timing functions and sixteen different time scales give you the greatest flexibility.

Model LCT016-10, 11-pin timer
Model LCT016-30, 8-pin timer

ACCESSORIES
481-0159, (8-pin sockets)
481-0164, (11-pin sockets)

The LCT116 Digital Timers provide simple, yet economical solutions for a variety of timing applications. Installation is simple with compact 1/16 DIN package. Set point and timing functions are easily adjusted with the individual set buttons. A LCD display on the front indicates current time status and a bargraph for indicating relative time remaining. Ten different timing functions and ten different time scales give you the greatest flexibility.
