**SOLENOID REPLACEMENT COILS**

For the Series SSV and SBSV Solenoid Valves

The Series SRC Solenoid Replacement Coils electrically operate the SSV and SBSV solenoid valves. When the solenoid coil receives an electrical input signal it acts upon the valve, changing its state. These coils are field replaceable with their compatible solenoid valves and come in a wide range of voltages.

**BENEFITS/FEATURES**
- Field replaceable

**APPLICATIONS**
- Replacement coils for SSV and SBSV solenoid valves

---

**SERIES SN**

**NAMUR MOUNT SOLENOID VALVE**

Manual Override, 100% Duty Rating

The Series SN Namur Mount Solenoid Valve is designed to easily mount directly to pneumatic valve actuators reducing the need for tubing, fittings or brackets, thereby reducing assembly cost. The SN solenoid comes with nitrile O-rings and offers a manual override as a standard feature. The 3/2 solenoids are designed for spring return actuators and 5/2 solenoids are designed to be used with double acting actuators. The SN series is available in a variety of voltages for any application.

**BENEFITS/FEATURES**
- NAMUR mount means the solenoid can be mounted directly to valve actuators
- Designed for double acting or spring return actuators
- 100% continuous duty rating
- Manual override

**APPLICATIONS**
- Direct mount to pneumatic actuators

**SPECIFICATIONS**

**Service:** Air only.
- **Power Requirements:** 24 VAC, 110 VAC, 220 VAC, 12 VDC, or 24 VDC.
- **Supply Pressure:** 22 to 116 psi (1.5 to 7.9 bar).
- **Air Connections:** 1/4” female NPT.
- **Temperature Limits:** 23 to 140°F (-5 to 60°C).
- **Electrical Connection:** DIN 43650 form A.
- **Enclosure Rating:** IP65.
- **Mounting:** NAMUR.
- **Standard Features:** Manual override.
- **Weight:** 1.0 lb (.45 kg).
- **Agency Approvals:** CE.
