HAND OPERATED GLOBE VALVE
Low Cost, High Pressure Rating

The Series HGV Hand Operated Globe Valve is an economical and functional alternative to large actuator/control valve packages. Metal-to-metal seating ensures excellent flow control and shut-off service. The body and bonnet are each constructed of CF8M (316) SS for superb corrosion resistance and chemical compatibility.

FEATURES/BENEFITS
• Stainless steel strainer
• Cost effective

APPLICATIONS
• Compatible liquids & gases
• Used for regulation of flow pipelines

SERIES BYS & SYS | W.E. ANDERSON™ BY DWYER

BRASS OR STAINLESS STEEL Y-STRAINERS
Cost Effective, Excellent Filtration, High Flow

The Series BYS & SYS Brass or Stainless Steel Y-Strainers are a cost effective option for use in any type of industrial application. Versatile Y configuration and availability in a wide range of sizes allow for many different uses. Body, cap, and plug are made from either a high quality brass or stainless steel to ensure reliability. The seal is constructed of PTFE to ensure long service life. The stainless steel strainer provides excellent filtration to help prevent damage to valves, meters, etc. from rust and dirt, without sacrificing high flow characteristics.

FEATURES/BENEFITS
• Cost effective
• Stainless steel strainer

APPLICATIONS
• Ideal for installations upstream to protect pumps, control valves, regulators, etc. from rust, pipe scale dirt

MODEL CHART

SPECIFICATIONS
Service: Gases, steam and liquids compatible with wetted materials.
End Connections: Female NPT.
Pressure Limits: See model chart.
Temperature Limits: -10 to 250°F (-23 to 121°C).
Wetted Materials: BYS: Valve Body, Stainless steel; Cap and plug; Brass; Screen: SS; Seat, PTFE; SYS: Valve body and cap; Cast 316 SS (CF8M); Plug and screen: 316 SS, Seat: PTFE.

The Delaware Valley Wide Area Network is a non-profit organization that provides a network for local governments to communicate and share information on a variety of topics. The network consists of government agencies, healthcare providers, educational institutions, and other organizations that provide services to the community. The network is funded through a combination of government grants and private donations. The network is dedicated to improving the quality of life in the community by providing resources and information to those in need.
