

California Proposition 65 Safe Drinking Water and Toxic Enforcement Act of 1986 Statement

California Proposition 65 *Safe Drinking Water and Toxic Enforcement Act of 1986* states that products containing substances known to the State of California to cause cancer or birth defects or other reproductive harm must be accompanied by an appropriate warning to the consumer. The list of substances is maintained by the California Office of Environmental Health Hazard Assessment (OEHHA).

The Dwyer Instruments, Inc. review of California Proposition 65 and response are based on Title 27 California Code of Regulations Article 6 *Clear and Reasonable Warnings*, and the OEHHA list of substances and endpoints.

This statement does not replace warnings which may appear on or with a product or its marketing material.

Warnings may be located in the following places:

Web catalog product page
Hardcopy catalog product page
Product carton
Product label

Dwyer Instruments, Inc. will continue to monitor the Proposition and to review our products, which may require us to make updates to this statement.
